VOLUME XIV.

MAYSVILLE, KY., TUESDAY, APRIL 30, 1895.

NUMBER 134.

A BLOW TO FREEDOM

Cuban Insurgents Defeated With Great Loss of Life.

SEVERAL BATTLES ARE FOUGHT.

General Maceo's Band Dispersed and Are Now Seeking Refuge in the Mountains. Garza's Band Has Also Been Routed. Steamer Advices Differ From Those Sent Out From Havana.

HAVANA, April 30.—The government troops, under General Salcedo, have won a great victory over the insurgent forces, commanded by General Maceo. Many of the latter were killed or wounded, and the rest were dispersed and are seeking refuge in the mountains. In addition Garza's band has been completely routed with great loss in killed, wounded and prisoners. Nearly all the remainder of his band surrendered.

A detachment of government troops in Santa Cruz del Sur has dispersed the rebel band led by Montego. The insurgents left three dead behind them in their flight.

The troops under the command of General Salcedo are still in close pursuit of the survivors of Maceo's band of rebels. The rebels refuse to give battle to their pursuers, and it is thought that they are completely demoralized by the defeat inflicted on them by General Salcedo.

A detachment of the fleeing band was overtaken and surprised at Arroyo Hondo. They made a feeble attempt at resistance, but were put to flight. Nine of them were killed and many wounded. The troops lost two killed and five wounded.

The military governor of Puerto Principe reports that Lieutenant Colonel Salamanca has routed at Ciego Avila the rebel band led by Castillo.

All the orders given by Captain General Campos since he assumed command in Cuba would lead the ordinary observer to believe that there has been great laxity in the administration of the war department by General Calleja, the captain general whom he superseded, and who is now on his way back to Spain. Even the sanitary service, so essential in time of war, seems to have suffered greatly from neglect. The national interests were also apparently neglected in other directions. It is believed that Campos will discern that the rebellion could have been prevented if proper precautions had been taken in time.

STEAMER ADVICES.

They Differ Somewhat From Those Sent Out From Havana.

TAMPA, Fla., April 30.—Cuban advices are that a married woman and her paramour murdered her husband at Campechuela, secreting the body in a closet. They fled to the insurgent camp, where General Maceo instructed Captain Vega to arrest the murderers and deliver them to the Spanish authorities. Four men were detailed to deliver them at Campechuela, in the province of Manzanillo. Two Cuban soldiers, who outraged the woman, were promptly court-martialed and afterward hung.

Captain Castillo of the Cuban forces is under arrest for having allowed his soldiers in attacking a town to commit some depredations.

La Lucha states the existence of a band in Campechuela.

Authentic advices state that immediately after the landing of Maximo Gomez, the same yacht which conveyed him returned to San Domingo for Gomez's son, who had 50 veterans with him. These were landed safely on the 19th at the River Jako, south of Baracoa.

PRIVATE ADVICES.

ST. LOUIS, April 30.—A special to The Republic from Key West says: "Private advices from Cuba state that General Flor Crombel was not killed in the battle, but was assassinated. He was surrounded by Spanish troops and requested an interview with the Spanish officer in command. The conference ended, Crombel turned to go, when a soldier in ambush shot him in the back of the head. A part of Crombel's band was captured, and the remainder fled to the mountains."

A Spanish gunboat sighted a steamer near the coast of Cuba with 200 men on board. The gunboat chased her, but she got away. The general belief is that other expeditions have landed.

DURANT'S COMPLAINT.

He Claims That the Public Is Disposed to Prejudice Him.

SAN FRANCISCO, April 30.—Theodore Duran was arraigned yesterday in the police court on a charge of murder for the killing of Blanche Lamont. The defendant conducted himself with his usual stoicism, and after the proceedings had a long consultation with his attorneys. He complains bitterly, however, that the public is disposed to prejudice him. He says that every fact connected with the murder is made to fit his case, while suspicious circumstances regarding others are disregarded.

The coroner's inquest in the Lamont case, which commenced yesterday evening, will be continued every night until concluded, so as not to interfere with the preliminary examination of Duran for the Williams murder.

STORE AND POSTOFFICE BURGLARIZED.

GOSHEN, Conn., April 30.—Charles J. Porter's general store and postoffice were entered by burglars last night, who blew open the safe, taking \$1,000 in bonds and \$600 in stamps.

LATEST FROM JAPAN.

The Peace Treaty Will Be Ratified May 8.

LONDON, April 30.—The Times publishes a dispatch from Kobe saying that the Russian and German ministers left Tokio for Kobe yesterday. The dispatch adds that it is supposed they intend to seek an interview with Count Ito, the president of the Japanese council of ministers, and with Viscount Minto, the Japanese minister of foreign affairs. The French minister is also expected here at the same time.

The Mikado has arrived at Ykoto from Hiroshima. The Times' correspondent in conclusion says: "I learn officially that Tuesday's grand celebration of the eleven hundredth anniversary of the founding of Ykoto has been postponed ostensibly on account of the illness of the mikado. Evidently the situation is grave."

Great Britain Inconsistent.

BERLIN, April 30.—The North German Gazette (semi-official) says that May 8 is the date fixed for the ratification of the Chinese-Japanese treaty of peace. The ratifications will be exchanged at Che-Foo. The paper adds that Japan can derive no advantage by insisting upon the ratification within the stipulated time, as the objections of France, Russia and Germany will still remain in force.

WHY FIND OUT.

LONDON, April 30.—The Times publishes the following dispatch from its correspondent at Hong-Kong: "A British warship will visit the Pezadore islands, which are at present in the hands of the Japanese. It is supposed that the Japanese wish to hide the massacre of the Chinese garrison there, because they have shown anxiety to prevent foreign warships from landing since the capture of the islands."

May 8, Ratification Day.

BERLIN, April 30.—The North German Gazette (semi-official) says that May 8 is the date fixed for the ratification of the Chinese-Japanese treaty of peace. The ratifications will be exchanged at Che-Foo. The paper adds that Japan can derive no advantage by insisting upon the ratification within the stipulated time, as the objections of France, Russia and Germany will still remain in force.

Russia Mobilizing Her Troops.

LONDON, April 30.—A dispatch to The Times from Petersburg says that the military and naval officials are making every preparation for mobilizing the forces in case the necessity should arise. Arrangements are also being made for the transportation of the forces.

Not Supporting the Russian Demands.

ROME, April 30.—An official note has been issued denying the accuracy of the Vienna dispatch to the London Daily News saying that the Italian and United States legations at Tokio, are supporting the Russian demands.

Japan Will Soon Reply to Russia.

LONDON, April 30.—The Associated Press learns, on good authority, that Japan will reply to the Russian, German and French protests within a few days.

MIDNIGHT BLAZE.

Building Almost Entirely Destroyed Before It Was Discovered.

NEW YORK, April 30.—Fire started after midnight in the 6-story brick building, 40 to 42 North Moore street, which was occupied by J. H. Mohlman & Company, wholesale grocers. The fire was not discovered until the building caved in. Patrolman Grannis of the Leonard street station heard the crash, and saw tongues of flames shoot high into the air.

The great space occupied by the fallen building was a mass of flame, which was subdued in short order by the firemen, who turned a dozen streams of water on the roaring furnace. In less than 15 minutes the fire was under complete control.

The six floors and basement of the burned building were heavily stocked with goods, the value of which was estimated at \$20,000. The total loss is \$75,000.

An Aged Couple Burned to Death.

CROOKSTON, Minn., April 30.—The residence of George Denniston, on Maple Lake, was burned to the ground, and his aged parents lost their lives early yesterday morning. The old couple were sleeping upstairs. Mrs. Denniston, Sr., came down and woke the family, who escaped. She then went back to assist her husband, who was totally blind. The roof fell in, burying both in the ruins.

Charged With Forty-Five Crimes.

CLEVELAND, April 30.—The body of a man about 45 years old was found floating in the river yesterday. From a letter found on the body it was learned that the man's name was Joseph Lehman, 45 years old, and that he had committed suicide because, as he stated, he had been hounded and charged with 45 crimes of which he was innocent.

Robbers Caught.

HUNTINGDON, Pa., April 30.—Three of the robbers who made off with \$50,000 at Port Royal last week, were caught here yesterday evening. They are Joseph West of Lasalle, Mich., Edward Parker of Detroit and Frank Evans of Chicago. Mr. Hertler, the victim, came here last evening and identified the stolen money.

Population of New York.

NEW YORK, April 30.—The official population of the city of New York is shown to be 1,849,866, as presented to Mayor Strong yesterday by President Wilson of the health board.

SUFFERING RELIEVED

Further Account of the Dyke Disaster in France.

AN INVESTIGATION IS MADE.

The Minister of the Interior Visits the Scene of the Great Calamity—Troops Assisting the Inhabitants to Clear Away the Debris and Rescue Property Whenever Possible.

EPINAL, April 30.—The minister of the interior, M. Leygues, who is visiting with his staff the different villages which have suffered from the inundation, is doing everything possible to succor the homeless. A scene of desolation is presented in the flooded districts. Everything is covered with a thick layer of mud, and on all sides are to be seen the remains of broken furniture, the trunks of trees and the ruins of houses.

The minister, who was driving in a coach, was obliged to alight and walk to the village of Uxegne, where he met a long funeral procession composed of villagers, who were escorting the bodies of the victims of the flood to the little church, while the bell in the steeple kept up a doleful tolling. To make the scene still more gruesome in some of the cottages candles were burning besides the corpses, which were soon to be taken to the same church, and from there to the mud-covered cemetery. A steady rain adds to the horror of the situation.

The detachments of troops which have been sent to the scene are assisting the inhabitants to clear the roads from debris and to rescue property wherever possible. Leygues spoke to the soldiers at work and encouraged them in their efforts to assist the distressed people. He also expressed to the mayor the sympathy of the government with the people in their trouble.

Following the course of the Aveyron river, M. Leygues proceeded to Domvres, the village which has suffered the heaviest. At this place 27 houses were destroyed and 31 persons drowned. The flood tore up the graves in the cemetery and carried, pell-mell, corpses' bones and living people. Ten bodies of persons are missing from Domvres and are still unrecovred.

Finding the inhabitants of Domvres to be without help, the minister of the interior summoned a detachment of 60 soldiers from Epinal in order to assist in the work of rescue, and handed the mayor 5,000 francs to be directed to the succor of the helpless. He then returned to Bourzeys where the engineers, who have been examining the reservoir, made him a report to the effect that the base of the dyke was not touched and only the upper portions had yielded.

They contend that the fissures are only such as occur in similar structures and attribute the accident to the intense cold of the winter which disintegrated the masonry.

Upon returning here, the minister of the interior handed to the mayor funds for the relief of the villages he (M. M. Leygues) had been unable to visit and then returned to Paris.

Another Negro Lynched.

GREENVILLE, Ala., April 30.—The sixth negro was lynched in Butler county yesterday for the murder of Young Watts Murphy. Sheriff Bargaines found his body yesterday hanging to a tree in the neighborhood where the other five men were lynched last Sunday. He appeared to have been dead for at least a day. The last victim is believed to have been the man who struck the blow that killed Murphy. His name is unknown here.

Robbed and Murdered.

MANSFIELD, O., April 30.—Early Sunday Fred Boebel, a contractor, was returning on a freight train from Crestline. In the car were tramps, who murdered and robbed him, and then threw his body off the train, where it was discovered and brought to this city. The murderers secured about \$400 in checks. Boebel was 45 years of age, and leaves a wife and four children.

New Spanish Minister.

WASHINGTON, April 30.—Senor Dupuy de Lome, the new Spanish minister, made his first visit to the state department yesterday and saw Secretary Gresham for a few moments in the afternoon.

Although definite arrangements have not been made for the presentation of the new minister to the president it is expected that it will occur on Wednesday.

Silver Plank Adopted.

JACKSONVILLE, Ills., April 30.—The Morgan county Democratic convention unanimously adopted a resolution prepared by Chairman Heinrichsen of the state central committee demanding the free and unlimited coinage of silver at 16 to 1, without waiting for the permission or action of any foreign government.

Hurt While Racing.

ELMWOOD, Ind., April 30.—Homer Thomas of Charleston, W. Va., employed on a farm east of this city, was fatally injured Sunday morning while riding horseback with some companions, who were racing. His horse stumbled, and threw him quite a distance.

Indian Police Resign.

PENDER, Neb., April 30.—All the Winnebago Indian police have resigned because Captain Beck would not have the two Indians in jail here, for resisting the sheriff, released. They returned to work yesterday on the agent's promise to help the prisoners to bail.

NONUNION MEN ATTACKED.

Lively Riot Among Chicago Coalmen Follows a Strike.

CHICAGO, April 30.—A reduction from 12 to 8 cents a ton for heating coal brought on a lively riot at the docks of the O. S. Richardson Coal company. Three men were injured, none of them seriously, however, and it required the presence of 20 officers to quell the disturbance.

The injured were: Police Officer Henry Streeter, knocked down, kicked about the head and body, receiving many severe cuts and bruises; Lawrene Vent, coalheaver, badly pounded with a club; unknown bystander, knocked down and badly hurt.

Yesterday was the first of the coal-heaving season and before work began on the first barge, the Richardson company announced that it would not pay the old rate of 12 cents, but would cut the price to 8 cents. The union men refused to accept the cut and the work proceeded with nonunion men.

In the afternoon 300 union men marched to the dock and demanded that the nonunion men stop work. They refused and the mob at once attacked them. The company had anticipated trouble and secured the detail of four policemen to protect their men. Several of the crowd managed to get in the rear of Officer Streeter, and making a rush on him threw him down and proceeded to kick him about the head and body. They, in spite of the efforts of the other officers, drove all the workmen away from the derricks, and compelled work to cease for about an hour.

The three officers, seeing that they were unable to make any headway against the mob, sent word to the Rawson Street police station for assistance, and in a few minutes 20 officers, under Captain Koch, arrived at the scene. They quickly drove back the crowd, but were compelled to fire several shots in the air to cow the strikers. A small detail was then left to guard the dock, and the work progressed without further interruption.

The Richardson company declared that it reduced the scale because the men could make \$4 a day at 8 cent a ton, and they thought that under the present conditions of business, that was enough for them to pay. Several other coal firms have declared that they will not pay more than 8 cents and more trouble is looked for when the coal season is fairly on.

Were Dead Easy.

NORWALK, O., April 30.—Several of the merchants of this city have been victimized by a slick-tongued stranger, who represented himself to be a salesman for a company in Patinesville, who had 20,000 bushels of potatoes to sell. He offered them lots of 50 bushels or more at 50 cents a bushel and required that 5 cents should be paid in advance on each bushel to pay for sacking. Some of the grocerymen he approached were easy victims, and handed over \$2.50 to pay for the 50 sacks; but they never saw the sacks or the potatoes. The man is reported to have worked the same game in Sandusky.

Robbed His Firm.

LOUISVILLE, April 30.—Edward Toor, an employee of the Renz & Henry Drug company at Floyd and Market streets, was arrested yesterday by Detectives Harding and Connell. Toor has been systematically robbing the firm for about three years, and the firm has suspected him for some time. The amount of goods taken by Toor was about \$3,000. Later in the day the detectives searched his room and recovered about \$1,500 worth of the stolen property.

Careless With Gas.

ELYRIA, O., April 30.—Grand Army hall was almost demolished Monday by a terrific gas explosion. A gas jet was in some way opened without being lit and filled the place with gas. When Janitor Martin Fider struck a match in the hall a heavy explosion followed. Fider was terribly burned and is in a serious condition.

Fred Grant's New Position.

NEW YORK, April 30.—The rumor is revived that Colonel Fred D. Grant will be appointed a police commissioner. It is said that on May 1 the mayor will remove Commissioners Murray, Martin and Kerwin, appointing in their places Andrew D. Parker, Democrat, and Theodore Roosevelt and Colonel Grant, Republicans.

Not in German.

SPRINGFIELD, Ills., April 30.—Attorney General Maloney has rendered an opinion that city councils in Illinois cannot legally appropriate city funds to publish ordinances in the German language. Such publications would be illegal. All official publications must be in the English language.

For Failing to Report It.

WHEELING, April 30.—In the police court Monday Dr. John A. Morris, a leading physician, was fined \$10 for failing to report an alleged smallpox case. The defense was that the case was not smallpox. Leading physicians testified on both sides, contradicting each other as to the case.

Surrendered.

RALEIGH, April 30.—A special from Charlotte says James R. Holland, cashier of the Farmers' and Merchants' National bank, who fled last Tuesday night, surrendered to the officers Monday. It is thought he had been hiding in his own house.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

TUESDAY, APRIL 30, 1895.

Inclosing cloudiness: cooler in extreme northwestern portion; east winds.

SECRETARY MORTON thus defines "sound money."

"Sound money" is that sort of currency which has the most universal and least fluctuating purchasing power in the markets of all countries. That money is the "soundest" which, throughout the commerce of the civilized world, there is the most universal demand for. And that universal demand is always based upon the universal and fluctuating purchasing power of that money."

Naturally this greatly displeases the free coinage advocates of silver, for which, except as subsidiary coin, there is no demand even by the silver extremists themselves, remarks the Courier-Journal.

"The campaign for honest money is on in earnest and Senator Blackburn will find his sixteen to one free and unlimited coinage pathway to the Senate blocked by the sound second sense of Kentucky," remarks the Cynthiana Democrat. "It appears an impossibility to dump the silver of the world into the United States, coin it at a ratio of sixteen to one, and keep the value of a dollar steady." It's dead easy in the minds of these statesmen who want office, but we fear it would not pan out so well in practice. Governor Brown is in the same boat with Senator Blackburn.

INDICATIONS of returning confidence and substantial improvement in the business situation continue to come from the great money centers, says the Cincinnati Tribune. Reports from New York are encouraging. The recent rise in oil and wheat indicates that the period of stagnation is over, and news from Wall street is to the effect that there has been a good deal of bond buying in the last ten days. Those who have unemployed money are seeking investment for it, and it is believed that there will soon be a general upward movement in railway securities, especially those of corporations which are in the hands of receivers, which in the event of good crops will be likely to become profitable. The country is recovering from the troubles brought on it by the last Republican administration, and which were aggravated by the dallying of the last Congress.

THE PEOPLE'S RESPONSIBILITY.

Timely Suggestions Concerning the Selection of Members of the General Assembly.

[Frankfort Capital.]

One who has been near the General Assembly of Kentucky for many sessions of that body, has opinions respecting the defects in the Legislative department of the State, that are convictions fixed by the irrefragable facts of the case. It is true that the stream cannot rise above its source, but no observant attendant upon the Legislative Assemblies in Frankfort for forty years past, can fail to know that the average membership of the Legislative department has not fairly represented the people of Kentucky in intelligence and correct appreciation of the necessities of the Commonwealth.

There are good men for the place in every General Assembly, without respect to party politics, but unfortunately this fractional part of the body is so handicapped by the ignorance, incapacity, demagogic and indifference to the general welfare, in severity, of the aggregate superiority of numbers that the better element is powerless for good. Good common sense is as efficient in legislation as legal knowledge and literary accomplishment. Business capacity is as necessary to a Legislative Assembly as legal acumen or professional skill, but with all this, the general welfare cannot be promoted by legislators whose scope of vision does not extend beyond the boundaries of their own districts. "My people" and "my district" and the effect of legislating upon such lines instead of looking over the entire State and considering the general welfare, regardless of the special interests of localities, has cost the State and the people more money and greater inconvenience than any other feature of unwise legislation. In State affairs, as well as in national matters, the people select too many politicians and not enough statesmen for management of public trusts; too many specialists and not enough men of general business capacity; too many men of "nearness," and not enough men of breadth of thought and liberality, and too many men who have never learned the difference between economy and parsimony. Both of the great political parties contain the proper material for legislators; neither party need go to the other for such representatives. When the people determine to send men to the General Assembly whose abilities and inclinations are ample to wrestle with the important questions of State-craft to be considered, much of the cost, inconvenience and adverse criticism of State administration, now existing, will be eliminated, and much more satisfactory conditions prevail. The people are the sovereigns, and when they neglect their duty to the State, they cannot justly complain of the consequences.

FIRE INSURANCE.—Duley & Baldwin.

THE FISCAL COURT.

Action Taken to Fight the Injunction Suit Now Pending in the Turnpike Cases.

A special term of the Fiscal Court of Mason County was held yesterday in pursuance of the call of Judge Hutchins to consider the injunction suit filed by Mr. C. B. Pearce. All the Justices were present, Judge Hutchins presiding and County Attorney Adair in attendance.

Squire Hook offered the following resolution:

Resolved, That the County Judge, County Attorney and the three Turnpike Commissioners elected by this court at the April term, 1895, are instructed to defend the suit brought against the officers of the county by Charles B. Pearce in the Mason Circuit Court, and they are hereby empowered, should they deem it necessary or proper, to make the county of Mason a party to said proceedings, and to take such other steps as may appear to them necessary to properly defend said suit and to procure a dissolution of the restraining order therein granted.

Squire Hook moved that the resolution be adopted and the vote resulted:

Yeas: John T. Bramel, Jacob Miller, Thomas Forman, W. H. Hook.

Nays: John J. Perrine, Powell B. Oweus, C. W. Williams and I. L. McIlvain.

The vote being a tie Judge Hutchins voted yea, and the resolution was adopted. The sum of \$53 was appropriated in the hands of the County Judge to settle expenses incurred in connection with the small-pox cases. This is in addition to the \$250 heretofore allowed.

Ordered that the claim of Dr. Adamson for \$190 over and above the sum heretofore allowed him for medical services in connection with the small-pox cases, be deferred till the October term of court.

Court then adjourned.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

SPRINGDALE.

Tobacco plants plentiful. The foremost farmers are almost done planting corn in this neighborhood.

Prof. H. P. Wilson's school at this place will close next Friday, May 3d.

Mrs. C. P. Vawter, who has been quite sick for some time, is able to be out again.

Charles Moore and wife will visit friends at Haverhill, O., this week, to be gone several days.

There are several weighty cases to be tried before Squire Hook Tuesday and perhaps there will be a drawing on the legal lore of Maysville.

We don't like newspaper controversy so all we have to say to the Ledger correspondent's last effort is to read the 33rd verse of the 20th chapter of Proverbs.

Two weeks ago Mr. Xerxes Berry of this place shipped a hogshead of tobacco to Cincinnati and got the returns Saturday. The sale was only \$2.50 below cost of shipping and selling but as Mr. Berry has more to ship he can pay balance in tobacco.

The teachers are already on their rounds hunting for a school. If they would just wait till after election they would find out who the trustees are, unless perhaps a district can afford a special trustee who can hire teachers to suit at all times.

PLUMVILLE.

Squire Hook held court here the first of the week.

Mrs. James Welsh is recovering from her late serious illness of pneumonia.

Mrs. Emma Williams, of near Maysville, attended our school entertainment.

Mrs. A. J. Yancey remains quite ill. Dr. Paughburn, of Maysville, is her attending physician.

Dr. Gaines and wife, of Orangeburg, were welcome visitors at our prayer meeting Sunday night.

H. P. Wilson and a portion of his pupils of Pleasant Hill school attended our school entertainment.

Elder C. Lawwill, our former pastor, commenced a series of meetings here Tuesday evening, April 30th.

T. B. Elliott's health is greatly improved. He was able to visit his sister, Mrs. W. H. Outten, the first of last week.

Willie Neal Coryell, of Orangeburg, visited the family of his cousin, Dr. Outten, Friday and also took in the school entertainment.

Miss Bettie Bean returned to her home last week from Lebanon, O., where she had been attending school for the past six months.

Mrs. Webster returned to her home Sunday after spending several weeks very pleasantly with her daughter, Mrs. D. P. Redman, at "Rose Terrace."

Our public school closed Friday afternoon with an entertainment consisting of declaimations, dialogues &c., rendered in capital shape by the pupils, not often equalled off the professional stage. It would be difficult to decide which excelled, so a general tribute to their collective genius must suffice. The manner in which the performers in every instance acquitted themselves speaks volumes for the proficiency of their instructor, Miss Maggie Bean. There was a large and appreciative audience present.

EAST LIMESTONE.

From the present outlook there is a fine prospect for fruit.

Ollie Rash, of Rectorville, was visiting friends here recently.

Wheat is looking remarkably well in this neighborhood.

Farmers are complaining of the fly eating their tobacco plants.

Mr. and Mrs. Ezekiel Myers visited her parents at Tollesboro last Sunday.

The recent April showers have been quite favorable to the advancing crops.

Mrs. Doyle, of Carmel street, spent last week with her daughter, Mrs. R. L. Williams.

R. M. Wallingford, of the city, had a valuable cow to die on the farm of R. L. Williams the past week.

Mr. and Mrs. Wm. Thackston have been entertaining a little girl at their home since April 21st; name, Anna Belle.

The beautiful spring weather throughout has been quite favorable to farm work; many of the farmers having finished their corn planting.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in \$0 and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

PERSONAL.

Captain John T. Martin is at home after a trip West.

Mrs. Haughaboo, of Germantown, is visiting Mrs. Molen, of Lee street.

Miss Emma Bloom, of Ripley, is visiting Miss Bessie Bloom of the Fifth ward.

Mr. A. L. McKibben, one of Fern Leaf's enterprising young men, is in the city today on business.

Mr. J. W. Crumbaugh, Augusta's editor, was in Maysville Monday on business and called on the BULLETIN.

Miss Rose Zingerle, of Madisonville, Ohio, spent Sunday with her uncle, Mr. Joseph Brenner, and returned home yesterday afternoon.

Miss Hannah Howard, of South Ripley, returned home Sunday after several days visit to Mr. and Mrs. John L. Chamberlain, of West Third street.

Portsmouth times: "Miss Anna Pyle will leave in a few days to visit at Maysville, from where she will go to Memphis, Tenn., for a two months visit."

Mr. Geo. Zingerle, Train Dispatcher of the Big Four Railway, returned home yesterday after a brief visit to his uncle, Mr. Joseph Brenner, of West Front street.

Uncle Silas on Spring.

I never read spring poems: When the frost begins to break It gets my almanac to see What medicine ter take.

It's Chenoweth's Sarsaparilla.

For sale or farm out for the season of 1895, the fine bay saddle stallion Diamond Denmark, an up-to-date saddle horse, and every one of his colts saddle. For pedigree and price call at Mose Daulton & Bro.'s stables, Maysville, Ky. A bargain for some one. Don't write for curiosity sake, but go and see him.

No State has felt the hard times less than Kentucky. This is due to the great diversity of crops in that State. Kentucky is the leading grain State south of the Ohio, both in corn and wheat, and until the development of the Northwest was the leading grain State of the Union. It also produces 40 per cent. of the tobacco crop of the whole United States, and nearly half the hemp. It is said that all the products of the temperate zone can be raised profitably in Kentucky.—New York World.

GOOD ROADS NEEDED.

The Pauper Counties of Kentucky Have Very Few Pikes—Some Interesting Figures.

[Covington Commonwealth.]

Of the counties of Kentucky eighty are paupers, drawing from the State Treasury far more than they pay in, their deficiencies being supplied by the solvent, or revenue paying counties. These eighty paupers, including the large and rich county of Pulaski, can only boast of 964 miles of turnpikes among them; and that small mileage is confined to twenty-one of the eighty.

In the pauper counties not only is there an insignificant mileage of pikes, but the same report is given in nearly every instance: "Roads bad; roads not kept up; good road law but not enforced," etc. On the other side, the thirty-nine solvent counties have over 7,000 miles of turnpikes and, in general, the reports from them are that their county roads are good. Do good roads and solvency go hand in hand? It is certainly demonstrated, in Kentucky, that absence of pikes or of good roads, is to be met with only in the pauper states. There might be a State issue in this question worthy to be studied and with advantage.

Mr. and Mrs. Wm. Thackston have been entertaining a little girl at their home since April 21st; name, Anna Belle.

The beautiful spring weather throughout has been quite favorable to farm work; many of the farmers having finished their corn planting.

D. HUNT & SON.

Can you see our handsome Spring Suitings Trimmings and not say the concentration of prettiness and price has been attained? These goods were bought for your gown, not our shelf. We must transfer them from our counter to your wardrobe at any sacrifice, and to induce your fulfillment of our wish we offer the following:

Dress Goods.

Homespun Cheviots, noted for excellent wear, 37c.

Scotch Tweeds in Checks, Stripes and Heather mixtures, very stylish, 49c.

Vigorous and illuminated effects, extremely chic, 75c.

French and German Novelties, latest importations, sold in patterns no two alike, \$3.50 to \$7.50.

Challis to rival May blossoms and defy Sol's worst, 39 to 75c.

Arbesque and Marie Antoinette garnitures, blouse and yoke effect, Paris novelty.

Louis XVI Collars, an adornment for either silk or wool gowns.

Trimmings.

Ribbons.

Dresden, the newest for gowns and hats, 15 to 50c.

Lacis, very stylish, for yokes, 15c.

Satin in all widths and shades to trim your new silk waist, 5 to 45c.

Edgings for every purse and taste.

Spangled nets and laces in choice designs.

Handsome buttons for the popular box plait.

F. B. RANSON & CO.,

quality, 25c. buys 35c. and 39c. buys 50c. quality.

A HANDSOME NEW HOTEL.

Almost a Certainty That Maysville Will Have One Before Long

The move to organize a company to erect a new hotel in this city is meeting with success, and it is now almost a certainty that it will be a go. It will be definitely decided in the next few days.

If the move proves successful, it will call for an investment of about \$45,000. The hotel will be a thoroughly modern structure and one of the handsomest improvements made in Maysville for several years.

According to the present intention of the parties interested, if the hotel is erected it will occupy the southwest corner of Second and Sutton streets, conceded to be one of the most desirable locations in the city.

AN INCREASE OF \$14,000,000.

The Work of the State Board of Equalization—Not Up to Last Year's Figures

The State Board of Equalization has finally passed on every county in the State, and will meet to-morrow, Wednesday, to approve as a whole, the work done by counties.

The number of counties in which the Board increased the valuations by the assessors on either lands or lots or both is proportionately very large, says the Frankfort Capital. The total increase of assessments by the Board all over the State, over and above the total valuation of the assessors, is \$14,000,000. Even this sweeping increase does not make the total quite equal to the total equalized value of last year.

But one previous Board, however, ever made so great an increase. That was the Board that sat in 1893.

The Court House Contest in Bracken.

The State campaign is a matter of secondary importance to the people of Bracken County. The Frankfort Capital relates that a State official has received a letter from a Bracken County citizen which, among other things, says: "We have the perennial county seat question occupying the front seat—the stage—the horizon—in this country, and all other questions are crowded off the earth, so far as Bracken is concerned.

"It doesn't make a particle of difference who is elected Senator, or Governor, or Representative, or President; whether free coinage or a gold basis is established; whether the tariff is high or low, whether red liquor flows like the glacier-fed rivers of the Alps, or the country is as dry as the Mojave desert, whether the millennium ever comes or hell prevails. All this is naught beside the burning, soul-torturing, liver-turning question: Will Brooksville keep the county seat, or will Augusta get it?"

Dr. Pearce President of Wesleyan College.

At a meeting of the Board of Education of the Methodist Episcopal Church, South, held in Lexington Friday E. H. Pearce, D. D., was elected President of the Kentucky Wesleyan College at Winchester.

Dr. Pearce now resides at Danville, but will move to Winchester. Judge M. J. Durham, of Lexington, was chosen a member of the Board of Education in place of the late J. W. Proctor and Mr. W. A. Sears, of Nicholasville, was elected Treasurer.

An Old Landmark.

The old frame house between Fourth street and the Lexington pike, and west of the Bethel Baptist Church, is being torn down. It was built about 1830, by the father of the late Daniel Spalding and was used at one time as a tobacco factory, and afterwards as a school house by Robert Beatty, one of the earliest and best educators of this city.

Birthday Party.

The Y. P. S. C. E. of the Christian Church will give a birthday party tomorrow night in the chapel, to which the public are cordially invited. The admission will be a penny for each year of your age, but you can spend an hour or so very pleasantly in the main room and have refreshments for 15 cents.

McGarvey Versus Cade.

Rev. J. W. McGarvey, President of the B. B. College at Lexington, will, in tomorrow's issue of the BULLETIN, reply to Rev. E. B. Cade's articles published last week. Extra copies can be had by applying at this office or to carriers.

The First National's Dividend.

At the meeting of the directors of the First National Bank, held April 27, 1895, a semi-annual dividend of 3 per cent was declared, payable May 1st.

COOKING molasses 20 cents gallon—Calhoun's.

SUIT has been filed at Waverly, O., to set aside the will of the late James E. E. M.

D. M. RUNYON, fire insurance. Only reliable companies represented; no wild cats.

BORN, this morning, to the wife of Mr. John Bode, the Market street tonsorial artist, a fine daughter.

DR. P. G. SWOOR. Office over Mitchell, Finch & Co.'s Bank. At residence of John N. Thomas at night.

EVERY one knows Peebles' wines, whiskies and brandies; you can get them at Chenoweth's drug store.

THE Ripley schools will hold no commencement this year, although there are five graduates, three being colored.

THE People's Building Association has declared a dividend of 6½ per cent, together with a return of monthly dues.

FOR an easy shave and a nobby hair cut give me a call.

J. HASSON, Second street.

MR. CHARLES B. PEARCE was called to Louisville yesterday by the serious illness of his daughter, Mrs. John L. Dodd.

THE Republican Executive Committee will meet at the Council Chamber next Saturday at 2 o'clock, to consider "important business."

C. C. BABBITT, a brakeman on the main line of the L. and N., was knocked off of a box-car at Cynthiana Monday morning. Two of his ribs were broken and he was badly cut on the head.

MR. R. B. GRIFFITH, who fell down the steps at the home of his father-in-law, Mr. I. M. Lane, Saturday evening, and seriously injured himself, was a great deal better this morning.

PERSONS desiring to borrow money in the fifth series of the People's Building Association should call on Robert L. Baldwin Secretary, or Jno. Duley Treasurer, and make arrangements.

MRS. MARY MARTIN and daughter, of Blue Creek, Adams County, O., were out driving when their horse ran away. The buggy was overturned, throwing the occupants upon the rough pike. Both were fatally injured.

MRS. MARY BROWN, of East Third street, met with a painful accident yesterday. While at the home of Mr. and Mrs. John Short she fell down a pair of steps, breaking one of her arms at the wrist. She is getting along very well to-day.

WHEELMEN attending the State League of American Wheelmen at Maysville June 14th and 15th can purchase tickets returning via the C. and O. at one-third fare on presentation of certificates properly executed and countersigned by the Secretary of the League.

DR. EDWIN MATTHEWS has secured the rooms over Mr. George T. Wood's drug store, and will open dental rooms as soon as the place is put in repair. He is a son of Hon. Walter Matthews, of Mayslick, and graduated recently at the Ohio Dental College of Cincinnati.

MEMBERS of the M. E. Church, South, will begin the celebration of the jubilee anniversary of that church at Louisville to-morrow. Bishop Henry B. Bascom, a Maysvillian, was Chairman of the committee that prepared the articles of separation when in 1845 the M. E. Church divided on the slavery question.

LADIES often have their pocket books stolen while on the street. They are very apt to leave them on the counter while shopping or lay them down in the cars when traveling, but the ideal safety chain prevents all these accidents. This little novelty can also be used either as a fan holder or watch chain. See it at Ballenger's.

JAMES H. CONYERS who was shot by W. A. Wilson, near Moorefield, Nicholas County, Saturday, died Monday morning. Wilson, who was also shot, is not badly wounded. Conyers in his ante-mortem statement exonerated Wilson from all blame, and stated that he, Conyers, was responsible for the tragedy. It seems that the dispute arose over a remark Wilson had made regarding Conyers' honesty.

A DEAD body found near Sullivan, Ind., Saturday morning proved to be that of Warren Eaves, of Versailles, who disappeared mysteriously April 22. It is thought he committed suicide. Eaves was fifty years old, and leaves a wife and several children. Two months ago he began to speculate heavily in tobacco, and was thought to be making money. One morning last week he left home, telling his wife he would return in the afternoon. It is said that he "overloaded" on tobacco and was hopelessly involved, and fled to escape financial disgrace. He took \$600 or \$700 with him.

THE First National's Dividend. At the meeting of the directors of the First National Bank, held April 27, 1895, a semi-annual dividend of 3 per cent was declared, payable May 1st.

HERE THEY ARE.

List of Players Who Will Compose Maysville's Ball Club This Season.

The manager and directors of the Maysville Base Ball Club have completed the list of players for this season and the team can be put down as one of the strongest ever gotten together at this point. The manager has been in no hurry in signing men. The aim has been to select the best players out of the large number of applicants.

Frank Shultz, of Delaware, O., and D. L. McGann, of Shelbyville, Ky., will alternate as catcher and second baseman. The difficult positions of short stop and third baseman will be looked after by R. H. Hall, of Shelbyville, Ky., and J. J. Curle, of Cynthiana, respectively. Three pitchers have been secured. They are Sam Lever, of Gothen, O., Ross Miller, of Corydon, Ind., and Joe Kavanaugh, of Louisville. The pitchers, or some of them, are good all-round players, and will alternate in assisting in the outfield. Henry Wadsworth, Will Sutherland and the other local players complete the team.

The aim has been to secure first-class players and get together a winning team. Whether that has been done will be demonstrated as soon as the season opens. Curle and McGann were with the Cynthianas last year and looked after their positions in fine style.

The team will really have four pitchers as Wadsworth will probably do some twirling.

The new players are expected to report here next week for practice.

If the weather continues good, the park will be almost completed this week.

An effort is being made to secure the strong Y. M. C. A. team of Cincinnati for the opening game.

THE SHOE FACTORY.

It Now Employs Forty-five Hands and is Turning Out 300 Pairs Shoes a Day.

The Maysville shoe factory continues to prosper, and the growth of its business must be very gratifying not only to the members of the company and all others directly interested but to every other citizen of Maysville.

Employment is now given to forty-five hands, and it is turning out three hundred pairs of shoes a day. The company finds a ready market for all its goods.

Superintendent Brodt and Bookkeeper Cheeseman have demonstrated that they are the right men in those positions. They and the members of the company are to be congratulated on the success of this new enterprise.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

River News.

Locals in and out on time. The Sunshine enters the Pomeroy trade.

FOUND.

FOUND—Sunday afternoon on West Third street, side curtain of surrey. Owner can get same by calling at this office.

JEWELS

Are the brightest things that come to hand. Come to me for JEWELS of every description. There's much to admire in our display of sparkling gems and artistic novelties, for the simple reason that our assortment is remarkable for nothing so much as it is for its comprehensiveness. It's only necessary to look at what we have to see that this is the case. It's missing much to miss seeing our stock. Your eyes must describe it to you, as we can't attempt the task. Seeing is knowing, and in this case, knowing is almost equivalent to buying, our prices are so reasonable.

BALLINGER, the JEWELER.

G. M. WILLIAMS,

Dentist.

ZWEIGART BLOCK, Maysville, Ky.

Unprecedented

Have been my sales since the adoption of the special cut-price system for CASH buyers. Old fogyism and success combined is a thing of the past. The wants of the people must be met, both as to prices and quality of goods. My stock has no equal in the city—always full, new and clean, and as to low prices, I have no competitor. I hold no goods over. I put them at prices that make them go. Just take a look:
